

WHAT OUR CUSTOMERS HAVE TO SAY ABOUT ALWAYS > LEARNING™

LEXICON'S PROVEN DEVICE MANAGEMENT SOLUTION
FOR UNINTERRUPTED LEARNING

“If we didn't have Lexicon, we'd probably go out and hire at least a dozen additional people.”

FEMI AINA, Director of IT
Atlanta Public Schools, Georgia

“ Lexicon is an **essential partner** in our district's plan for device maintenance and repair. They have consistently provided a **very high level of satisfaction** and have helped to make our “hot swap” plan (to keep student and staff always with a working device) a reality. **I am happy to provide an enthusiastic recommendation for Lexicon.** ”

BRIAN BLANTON, CIO
Henry County Public Schools, Georgia

The AlwaysLearning program has been a fantastic addition to what we do. We value the relationship because **they go above and beyond** for our schools. **We can rely on Lexicon** to be there when needed.

JIM FARMER, CTO
Fayette County Public Schools, Georgia

Lexicon continues to be an **outstanding partner** for Clayton County Public Schools. The “AlwaysLearning” solution truly lives up to its name and **enables our teachers and students to focus on instruction and not on technical issues.** Lexicon has become a critical extension to CCPS and an **invaluable resource** for our district.

WESLEY WATKINS, Director of Technical Operations
Clayton County Public Schools, Georgia

We're stretched thin [and] having **AlwaysLearning frees up our time so we can do our jobs**. We're not bogged down with repairs. Lexicon as a company oozes customer service. We can call or email with any question and it's always immediately addressed. The culture is very much, 'We'll take care of it.' It truly is white-glove service.

MIKE ROBBINS, Director of Technology
Heard County Public Schools, Georgia

The communication and timeliness from Lexicon helped us through implementing our 1:1 program, getting us through the pandemic, and providing **the best customer service and support that we could ask for**. We always want the best for our students and teachers and I know that Lexicon wants the same!

ANTHONY ALFIERI, Network Analyst
Fayette County Public Schools, Georgia

My experience with Lexicon has been great. It's like **Lexicon has already thought of everything**. No matter what we throw at them, it's never been too much. **Every question we have, they have an answer, or they find an answer**. And they bring ideas to the table, which is what I like.

BERNADETTE PETERSON, Assistant Director, IT Asset Management
Atlanta Public Schools, Georgia

The repair time with Lexicon is super quick. Everything about the process from start to finish is thought through to make things as simple and easy as possible. We put the repair in the system and we have the boxes, the shipping labels... they even provided the tape. **It literally couldn't be any easier. Why would you not use Lexicon?**

TIFFANY MIXON, Technology Specialist
Heard County Public Schools, Georgia

Lexicon is awesome! We're entering year eight of our 1:1 Program and whenever we have any kind of issue, everyone jumps right on it and gets it taken care of. **We've been very happy**.

TRACY MOLONY, Focused Area Specialist
Henry County Public Schools, Georgia

We have over 6,000 employees and 43,000 students that we have to support. **Lexicon always brings a team and gives that 1:1 experience** and has always been able to help us and support us in anything we need.

CHRIS BURGE, Technology Operations Coordinator
Henry County Public Schools, Georgia
