LEXICON®
25+ YEARS TECH SOLUTIONS

K-12 DEVICE MANAGEMENT SOLUTIONS

We developed our AlwaysLearning™ Device Management program to ensure that students and teachers have uninterrupted access to technology, even when inevitable failures occur.

We understand that every school has unique needs and challenges. We value relationships over contracts and mission over formalities. If Lexicon can help you solve an unexpected issue, or adjust our services to accommodate changes in your needs, we are always eager to devise creative solutions to support our joint mission of maximizing your students' academic performance.

Lexicon offers a simple yet complete solutions to managing your technology assets year round. Contact us to discuss how we can best support your district's needs.

If we didn't have Lexicon, we'd probably go out and hire at least a dozen additional people.

FEMI AINA, DIRECTOR OF IT
Atlanta Public Schools, Georgia

The AlwaysLearning program has been a fantastic addition to what we do. We value the relationship because they go above and beyond for our schools. We can rely on Lexicon to be there when needed.

JIM FARMER, CTO
Fayette County Public Schools, Georgia

Lexicon continues to be an outstanding partner for Clayton County Public Schools. The "AlwaysLearning" solution truly lives up to its name and enables our teachers and students to focus on instruction and not on technical issues. Lexicon has become a critical extension to CCPS and an invaluable resource for our district.

WESLEY WATKINS,
DIRECTOR OF TECHNICAL OPERATIONS
Clayton County Public Schools, Georgia

The communication and timeliness from Lexicon helped us through implementing our 1:1 program, getting us through the pandemic, and providing the best customer service and support that we could ask for. We always want the best for our students and teachers and I know that Lexicon wants the same!

SAFEGUARD YOUR ADP INVESTMENT

WHY INSURANCE MATTERS

ADP PROTECTS YOUR DEVICES

- Other vendors push cheap ADP to win price-competitive device bids
- Without insurer support, your district carries the risk if the vendor fails to deliver

INSURANCE PROTECTS YOUR ADP

- Companies have gone out of business or been acquired, leaving districts without coverage
- Lexicon's partnership with AM Best A rated insurance protects your district's investment

We're stretched thin [and] having AlwaysLearning frees up our time so we can do our jobs. We're not bogged down with repairs. Lexicon as a company oozes customer service. We can call or email with any question and it's always immediately addressed. The culture is very much, 'We'll take care of it.' It truly is white-glove service.

MIKE ROBBINS, DIRECTOR OF TECHNOLOGY
Heard County Public Schools, Georgia

Lexicon is an essential partner in our district's plan for device maintenance and repair. They have consistently provided a very high level of satisfaction and have helped to make our "hot swap" plan (to keep student and staff always with a working device) a reality. I am happy to provide an enthusiastic recommendation for Lexicon.
